
Today's graduates are asking...
What's Next? after entering the workplace

FOOW? is helping colleges/universities respond by offering innovative Alumni workshops to Answer the *Now What?* in your career.

We were created after years of leading and mentoring graduates in Corporate America through their career Swinking® phases - not quite *swimming* and not quite *sinking*.

Young Alumni Workshops
3 workshops ...3 questions to Answer

That job description...

Best spin I ever read

Deconstructing *Discontent*
Is it *you*, the *job* or *both*?

In the Sea of Life
We *swim*, we *sink*
or both

"Swink"...

How are you
defining success?

Your *Career*...

Is it *flowing* or
floundering?

FOOW?'s interactive *before, during* and *after* approach creates a personalized experience that allows participants to...
Develop new perspectives • Improve decision making
Identify challenges • Identify next steps
